Winter 2017 - A Newsletter by Department Of Computer Engineering
Government Polytechnic for Girls , Ahmedabad

About Institute & Department

Institute Vision

To carve a brighter prospect for the nation through excellence in technical education for fostering skills, ethical values and environmental consciousness among girls while undertaking existing and forthcoming challenges.

Department Vision

To instill technical skills among students through excellence in education and develop them as computer professionals for forthcoming challenges with moral values, environmental and societal consciousness.

Institute Mission

To nurture technical and creative skills through quality education

To strengthen industries interaction

To impart real life problem solving skills.

To foster care for sustainability of environment and importance of social responsibility among girl students.

Department Mission

To impart quality education for developing technical skills.

To create awareness on emerging trends and technologies.

To cultivate a sense of social responsibility with ethical and strong moral values.

“Technology is gift of god. After the gift of life is perhaps God’s Great Gift . It is the mother of Civilization ,and of arts and of sciences “

Dear Readers,

Government Polytechnic for Girls started in 1964 with the aim to provide globally competent skilled girls technocrat in the field of Engineering as well as non technical areas like fashion designing. Initiating something new is always motto of institute.

It is my great pleasure for the initiation taken by almost all departments to publish departmental newsletter. A concept behind these newsletters is to disseminate knowledge, skill and information amongst all stake holders.

Students, Faculty members and Industrialists related to all diploma branches that are functioning at this institute gets platform to share the upcoming technologies, events in the department and achievement of students and faculties by these newsletters. It is the synergetic approach to transit from better to the best.

Message Desk....

Dear Stakeholders,

Our department has commenced the newsletter “FemBit”. I am glad to publish Winter -2017 issue of our “FemBit”.

I expect long terms support from Stake holders to take this newsletter long way. I would like to thanks all those directly or indirectly supported for our Newsletter.

--- Shri. R.M.Shaikh , HOD CE

Future Technology for Education

1. Virtual Reality (VR) in Education
2. Artificial Intelligence and Machine Learning
3. Cloud Computing for Education
4. 3D Printing
5. Social Media in Educational Institutions
6. The Use of Biometrics in Schools

Ways to Increase Our IQ Level

Intelligence Quotient or IQ is the total score derived from standardized tests that measure a person's intelligence.

Here are a few simple tips that may boost your brain power and help you increase your IQ level.

1. Play games and solve puzzles
2. Make exercise a habit
3. Restrict the usage of gadgets
4. Good nutrition for better cognition
5. Practice yoga and meditation
