About the Department

The department was established in the year 1971 formerly it was started as diploma in Garment making. This is one of the oldest departments since the institute started. The department of computer Aided Costume Design and Dress Making is the platform to get a place in the fashion world. It is imparting training in the areas of pattern making, CAD, Design & Technology to assist the Indian Apparel industry to meet the challenges to the global market. The programme imparts practical knowledge pertaining to apparel manufacturing technology. The students learn about equipment & processes through hands on training in laboratory, classroom & industrial visits.

WARP & WEFT

“WE DESIGN YOUR DREAMS.”

Our Department's

Vision

We aim to produce technically skilled women entrepreneurs in clothing and fashion who are empowered with innovation and modern technology following ethical values and environmental consciousness

Mission

- ❖ To create technically skilled and empowered students in clothing and fashion through quality education.
- ❖ To facilitate job placements/ entrepreneurship for maximum students.
- ❖ To encourage care for the environment to cultivate a sense of social responsibility among one and all.

Our Institute's

Vision

To carve a brighter prospect for the nation through excellence in technical education for fostering skills, ethical values and environmental consciousness among girls while undertaking existing and forthcoming challenges.

Mission

- ❖ To nurture technical and creative skills through quality education
- ❖ To strengthen institute industries interaction
- ❖ To impart real-life problem-solving skills
- ❖ To promote care for sustainability of environment and social responsibility among girl students

From the Principal's Desk...

SHRI BHASKAR J. IYER

"Technology is the Gift of God. After the gift of life, it is perhaps the greatest God's gifts. It is the mother of civilization, of arts and of sciences."

Freeman Dyson

Government Polytechnic for Girls - Ahmedabad (GPGA), a premier diploma engineering institute was established in the year 1964 with the aim to provide technical education to girls in the heritage city of Ahmedabad. It is located right opposite to PRL and adjacent to ATIRA, in the throbbing educational hub within the heart of the city and in the vicinity of reputed institutes like L.D. College of Engg., Gujarat University, L.M. College of Pharmacy and the world renowned CEPT University. It is endowed with a beautiful green campus which has its own flora and fauna.

At present, GPGA offers 3-year diplomas in 6 programmes under Commissionerate of Technical Education and is affiliated with Gujarat Technological University (GTU). These are Diplomas in Architecture Assistantship (DAA), Biomedical Engineering (DBE), Computer Aided Costume Design and Dress Making (DCACDDM), Civil Engineering (DCE), Computer Engineering (DCoE), Electronics and Communication Engineering (DEC) and Information Technology Engineering (ITE).

GPGA has a tradition of imparting quality technical knowledge and ethical values to the students. No wonder GPGA is ranked among top 10 government diploma engineering colleges in Gujarat consistently over the last five years.

For years, the institute's major focus and concern have been our students and our institution strive to impart the best knowledge in respective fields for promoting and

pursuing multidisciplinary diploma engineering in the most disciplined manner. Every student of the institute has been among some of the best talents of the vibrant state of Gujarat. Many of GPGA's alumnae have established themselves as entrepreneurs while some have continued higher studies with well-known engineering institutes of India as well as abroad. Thus, they have carved a niche for themselves in various technical fields throughout the state, our nation and even abroad.

The institute has an excellent track record of placements in past few years and students of GPGA have proved their mettle in industry, academics, and administration over the last many years. This glory has been due to the synergetic efforts of management, learned faculty, dedicated staff and sincere students over these years. I urge everyone, including staff and students, to make excellent careers by availing the unique opportunity that GPGA provides through classroom teaching, laboratory instructions, industrial trainings and participation in sports, cultural and other extra-curricular activities of interest. Recently, formation of GPGA's Alumnae Association has also been undertaken.

During the current academic year, three programmes of GPGA i.e., DCACDDM, DCE and DCoE have initiated the process of application for Accreditation with NBA. For the faculty and administrators, accreditation promotes ongoing self-evaluation and continuous improvement and provides an effective system for accountability. For the institute or programme, accreditation enhances its national reputation and represents peer recognition. Thus, to further the institute's aim towards excellence, accreditation process has been undertaken. I extend my best wishes to all staff members and students of these programmes for getting accredited in the year 2021.

I express my sincere gratitude to all our stakeholders for their continued support, cooperation and active involvement to make GPGA a citadel of Technical Learning, which sets its own bench

DR. Jyotiba R. Jhala

Message from HOD's Desk

As a Head of department of C.A.C.D.&D.M. My goal will be to expand educational and research opportunities, creativity, innovation and professional leadership and build strong and unique national partnership with the ultimate objective of providing the best education to girl's students and create character building opportunities in India & abroad

HOW TO CHOOSE COURSE & INSTITUTE

LIKING OF THE STUDENT FINANCIAL CAPACITY OF THE PARENTS THE MERIT OF CANDIDATE

SELECTION OF INSTITUTE MAY DEPEND ON :

- Infrastructure Facilities & Advanced Learning Resources
- Digitally Empowered
- Qualified Faculties & Resource Persons
- Research activities & visit by eminent Subject Experts
- Placement and tie-ups with industries
- Entrepreneurship Development
- Global Exposure
- Campus Life & Beyond the Classroom Exposure

A screenshot of a laptop screen displaying a presentation slide titled 'HOW TO CHOOSE COURSE & INSTITUTE'. The slide lists factors for choosing an institute. On the right side of the screen, there is a video call window showing several participants, including one labeled 'Chaudhary ami' and another 'Ruchi'. The HP logo is visible at the bottom of the laptop.
