Note –Parents/Guardians are invited to meet Course faculties to know the regularity and progress Saturday of every month.		

Vision of the Institute

To carve a brighter prospect for the nation through excellence in technical education for fostering skills, ethical values and environmental consciousness among girls while undertaking existing and forthcoming challenges.

Mission of the Institute

- *To nurture technical and creative skills through quality education.
- *To strengthen industries interaction.
- *To impart real life problem solving skills.
- *To promote care for sustainability of environment and social responsibility.

Vision of the Department

"Our vision is to nurture engineers who can understand the ethical, social, and economic implications of their work by imparting quality education through integration of engineering and medical sciences for the improvement of human health care."

Mission of the Department:

- To create a free and open learning environment that fosters the intellectual growth of students.
 - To provide skill based technical education.
 - To enable students to be sensitive towards the ethical issues of medical industry
- To prepare students for confronting medical challenges by applying engineering principles.
