Government Polytechnic for Girls, Ahmedabad

ABOUT THE COLLEGE

Government Polytechnic for Girls, Ahmedabad has been successful in providing quality education, encouraging hard work and excellence, motivating students to become progressive and perform better academically as well as professionally, since its establishment in 1964. This institute has been working towards empowering students by assisting them in every possible way. In spite of tight academic schedules our students manage to participate in various extra-curricular activities. These activities provide them opportunities to hone their technical as well as organizational skills. With each passing year students are performing better and have been improving themselves.

Our initiatives are designed taking into consideration following areas of improvement Equality, Security, Creativity, Self-respect, Health. All the ongoing initiatives in our college are free of charge and are solely focused on improving life of career-oriented girls to inspire and facilitate them to fulfill their as well as their parents' wishes and dreams

VISION

To carve a brighter prospect for the nation through excellence in technical education to foster skills, ethical values and environmental consciousness among girls while undertaking existing and forthcoming challenges.

MISSION

- To nurture technical and creative skills through quality education
- To strengthen industries interaction
- To impart real life problem solving skills
- To promote care for sustainability of environment and social responsibility

Message From Principal's Desk

Government Polytechnic for Girls - Ahmedabad (GPGA), a premier diploma engineering institute was established in the year 1964 with the aim to provide quality technical education to girls in the heritage city of Ahmedabad. It is located opposite to PRL and adjacent to ATIRA, in the throbbing educational hub within the heart of the city and in the vicinity of reputed institutes like L.D.College of Engg., Gujarat University, L.M.College of Pharmacy and the world renowned CEPT University. It is endowed with a beautiful green campus which has its own flora and fauna.

From this year onwards, GPGA offers 3 year diploma in 8 programmes under Commissionerate of Technical Education and is affiliated with Gujarat Technological University (GTU). The branches are Architecture (DA), Biomedical Engineering (DBE), Computer Aided Costume Design and Dress Making (DCACDDM), Civil Engineering (DCE), Computer Engineering (DCoE), Electronics and Communication Engineering (DEC), Information Technology Engineering (DITE) and Information and Communication Technology (DICT). GPGA imparts quality technical knowledge and ethical values to the students.

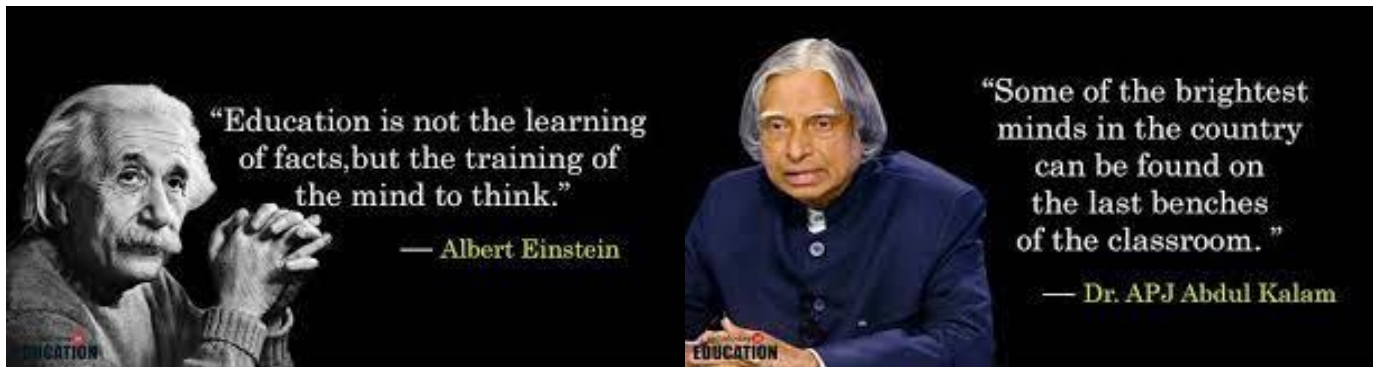

Our institute's major focus and concern have always been our students and our institution strives to impart the best knowledge in respective fields for promoting and pursuing multidisciplinary diploma engineering. Many of GPGA's alumnae have established themselves as entrepreneurs while some have continued higher studies with well-known engineering institutes of India as well as abroad. Thus they have carved a niche for themselves in various technical fields throughout the state, our nation and even abroad. GPGA has a very active Alumnae Association whose members meet at the institute campus from time to time and contribute to the institute's development.

The institute has an excellent track record of placements in past few years and students of GPGA have proved their mettle in industry, academics, and administration over the last many years. This glory has been due to the synergetic efforts of management, highly qualified faculty, dedicated staff and sincere students over the years. I urge everyone, including staff and students, to incubate excellent careers by availing the unique opportunity that GPGA provides through classroom teaching, laboratory instructions, industrial trainings and participation in sports, cultural and other extra-curricular activities of interest.

Three programmes of our institute, DCACDDM, DCE and DCoE have got NBA Accreditation this year and two more programmes, Biomedical And Information Technology have initiated the process of application for Accreditation with NBA. For the faculty and administrators, accreditation promotes ongoing self-evaluation and continuous improvement and provides an effective system for accountability. For the institute or programme, accreditation enhances its national reputation and represents peer recognition. Thus to further the institute's aim towards excellence, accreditation process has been undertaken and will be continued. I extend my best wishes to all staff members and students of these programmes in their perseverance for achieving excellence.

I express my sincere gratitude to all our stakeholders for their continued support, cooperation and active involvement to make GPGA a citadel of Technical Learning, which sets its own benchmark.

Shri Bhaskar J. Iyer, Principal Government Polytechnic for Girls, Ahmedabad

STUDENTS' ACHIEVEMENTS

- In the Architecture department, TRIVEDI RIDDHI RAJESH and THAKAR JAHNAVI PRAGNESH were awarded a gold medal by GICEA (Gujarat Institute of Civil Engineers & Architects) for the years 2021 and 2022 respectively at the State level.
- CALCUTTAWALA RUSHDAH ASHISH from the 5th semester in Computer department secured 6th Rank CGPA wise in Overall GTU winter-2021 Exam.
- Sharma Priyanshu from Information & Technology department participated in the National Quiz Competition for Entrepreneurship, Innovation & Startup organized by Institution's Innovation Council of S.S. Khanna Girls Degree College. She also participated in the Quiz Competition for Cyber Sanjivani Competition organized by Surat City Police in collaboration with Cyber Suraksha Setu.
- Maheshwari Ritika J from Information & Technology department secured 1st Rank GTU in 4th and 5th semesters

Institution's Innovation Council

S.S. Khanna Girls Degree College

(A Constituent College of University of Allahabad)

Awarded "A" Grade by NAAC

College with Potential for Excellence (CPE, Phase II)

UGC Selected Under Strengthening Component of Star College Scheme: DBT

National Quiz Competition

"Entrepreneurship, Innovation & Startup"

21st August 2021 – 27th August 2021

This certificate is awarded to Sharma Priyanshu Bhupendra Kumar, Student of Government polytechnic for girls for participation in National Online Quiz Competition on 'Entrepreneurship, Innovation and Startup' organized by Institution's Innovation Council of S.S. Khanna Girls Degree College. Score Obtained in Quiz - 53%

The great aim of education is not knowledge but action.

HERBERT SPENCER

The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires.

William Arthur Ward

FACULTY ACHIEVEMENTS

31 Faculty members have undertaken 44 various trainings organized by DTE, various Institutes, NPTEL, MOOC, etc. on both online and offline modes with an aim to improve their skills.

Faculty member, Drashti Baldev from Computer department secured top position and awarded certificate for her excellence performance in NPTEL course.

Faculty member N B Nadoda from EC department conducted an expert lecture on HAM radio at GP Gandhinagar. He is an active HAM radio operator and has provided his services during emergency situation like cyclone etc.

Elite
NPTEL Online Certification
(Funded by the MoE, Govt. of India)

This certificate is awarded to
DRASHTI SHARADBHAI BALDEV
for successfully completing the course

Student's Start-up & Research Innovation Festival (SSIRF)

Program No.1 Ideation Competition 06/10/2022

Participants: First round 500, Second round 40

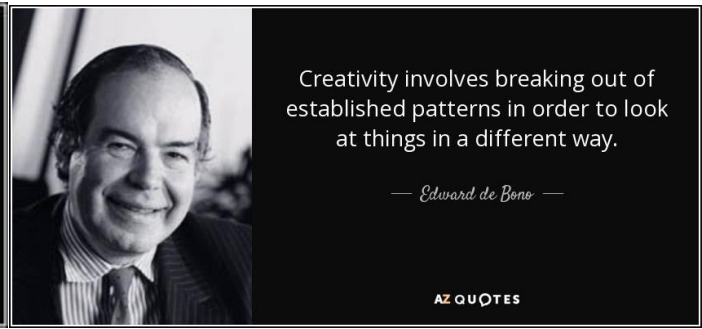

An ideation competition is arranged across all departments of college. In this competition student team has to prepare the complete presentation of research/innovation idea and its real time implementation. Three Jury members/experts were present during this competition.

- Prof. Pinky Bramhbhatt (Asso. Prof., LDCE)
- Prof. B.H.Kantewala (HOD-CE, GPA)
- Prof. Manisha Mehta (HOD-CE, GPH)

Noteworthy ideas are as follows:

1. Electronic Voting Machine using fingerprint sensor
2. Automated Drug Delivery
3. Rehabilitation Gloves
4. Device to identify degree and type of deafness
5. Paralyzed Patient Healthcare
6. Things finder
7. Punctual and deliverable attendance system
8. IoT based Auto billing Shopping cart
9. Mobile Health monitoring system for ICU patient
10. Monitoring power consumption for home
